Blogs reflecting on the day from REconomy Project and Jane Langley from Blue Patch

Short film of the day by Mike Thomas from Transition Network

Introduction to REconomy

Presentation from Sarah McAdam’s workshop introducing REconomy
Check the notes view for more detailed information.
Inspiration

**The New Economy in 20 Enterprises**
An introduction to the UK’s top twenty ‘Transition oriented’ social enterprises. Combined, these enterprises have a turnover of £3.5 million and provide paid employment for more than 100 people. Brilliant examples of people just doing stuff...

**25 Enterprises that Build Resilience**
A report from Transition US’s REconomy Project, highlighting twenty-five examples of enterprises that build community wealth and resilience, are committed to appropriate localisation and resource use, and serve a mission greater than profit.

Business development

**Transition Enterprise Handbook – REconomy Project ‘how to’ guide**
Designed to inspire entrepreneurs and give an overview of the process of setting up a business, or help an existing enterprise which is planning a period of change or development in the UK.

From the Blue Patch team that led the REconomy LIFT business planning workshop:
- Blog about the Blue Patch business model and how it was developed
- Information about Blue Patch
- How to become a Blue Patch member

Fundraising and income generation

**REconomy Funding Database**
Searchable database containing information on over 200 funds that provide grants, equity or other support to REconomy projects, Transition Enterprises and social enterprises working in the UK.

**Transition Network Funding Primer**
Tips, suggestions and advice for where to find funding for your UK Transition group’s projects.

**Transition Core Resourcing – REconomy Project ‘how to’ guide**
For any group that wants to think creatively about how it funds its core activities, including but not exclusively for REconomy activity. It is written for Transition Initiatives in the UK but others might find useful ideas and some non-UK examples are included.

Legal structures for social enterprises

**Do-o-cracy Handbook – REconomy Project ‘how to’ guide**
The Do-o-cracy Handbook looks at organisational forms and legal structures. The ‘how to’ guide is packed with information and resources covering legal options, governance arrangements, tax compliance, charitable status and much more.

**Legal forms of community run enterprise**
Brief introduction to the legal structures suitable for community run enterprises, and their key features and advantages and disadvantages from Locality who ran the REconomy LIFT legal structures workshop.
Sustainable St Albans Week

Catherine Ross, who led the Sustainable St Albans Week workshop at REconomy LIFT, is happy to speak to Transition Initiatives about how they can run something similar locally. You can contact her via sustweek@transitionstalbans.org

Economic blueprints

This page within the REconomy Project website provides an introduction to economic evaluation, and links to three examples of local economic evaluations, including the one for Lambeth undertaken by Transition Town Brixton.

Putting on your own REconomy event

Events toolkit for Transition Initiatives – REconomy Project ‘how to’ guide
Aims to help people stage local or regional events themed around transforming a local economy including how to engage local community, business and other organisations in REconomy work through these events.
