Social and online
engagement
and
interaction

Access to funding and
technical advice. Demand for
new funding options and
specialist technical advice.

Missing connections.

People are often
surprised and motivated
to find others in their
local area delivering
great projects they did
not know about. There's
a frustration that in
our hyper-connected
world it still takes an
event to find out what
is happening.

Challenges

Changing people's expectations
and mindsets about what they
can influence - for example
Atmos.

Place matters.

It makes a big
difference to the type
of support needed.

Group support programmes are probelmatic.
Enterprises are all at different stages, with different
pressures and are moving at different speeds.
